

## 06 AIR FRESHENER FRESH BURST

### DESCRIPTION

Fresh Burst is a concentrated air freshener designed to counteract bad odours. The highly residual fruity/floral fragrance makes it suitable for use in washrooms, motel/hotel rooms, and garbage collection areas.

### DIRECTIONS FOR USE

#### General Use:

Use Fresh Burst neat to 1:10 (55ml/560ml spray bottle) depending on the level of odour control or residual fragrance desired. Spray into the air or onto surfaces such as the tiled area behind toilets and urinals or onto curtains in motel rooms. Always test colour fastness in a hidden area before broad use.

#### Bins and Drains:

Spray/pour neat to 1:2 Fresh Burst into drains or cleaned garbage bins at the end of the day. This allows the product an extended period to reduce bacteria and deodorise before use the next day.

### PACKAGING

750ml, 1L, 5L, 20L

### SAFETY INFORMATION

Avoid contact with skin and eyes. Carefully read the Material Safety Data Sheet before using this product.

### FIRST AID

You should call The Poisons Information Centre if you feel that you may have been poisoned, burned or irritated by this product. The number is 13 1126 from anywhere in Australia and is available at all times. Have MSDS with you when you call.
